Pura Vida para Mascotas Sociedad Civil is a Non-Profit Organization that receives funds through the generosity of donars, fund raising activities and sponsors. Due to the expenses incurred while a pet is waiting to find the perfect family, we do have a small adoption fee that is then returned to the Adoption Fund for helping other animals. In most cases your pet has received all of the necessary immunizations, had a wellness check been checked for parasites and has been sterilized.

This fee helps to cover these expenses so that all adoptive parents know that their pet is ready to be a healthy and happy part of your family. If you pet is not sterilized when you adopt it there is an additional fee attached that will be refunded upon proof from your veterinarian that the dog or cat has been sterilized.

Please understand that adopting a pet is a 10 to 14 year commitment. If you feel that your circumstances may be changing in that period of time in a way that will affect having a pet, please reconsider your desire to adopt. Should a situation arise that the dog cannot continue to be with your family, it is your responsibility to find a responsible new owner for the animal. If you have exhausted your resources and are unable to find a new home, we will take the animal back into a foster home situation until another home is available. Remember, you are committing to giving this animal a FOREVER home. It can be very traumatic for a pet to have to leave its familiar surroundings and be put in a new home. The older the animal gets, the more difficult it becomes for them to make this adjustment.
